

Job Postings

Program Chair: Graduate Nursing Program(s)

Baptist Health Sciences University Division of Nursing is seeking a dynamic, qualified candidate for the position of Program Chair of the Doctor of Nursing Practice program. The ideal candidate must be experienced in DNP curriculum development, accreditation and professional guidelines, enrollment management, and strategic planning. The candidate should have a DNP or PhD from an accredited institution in Nursing, advanced practice nursing certification and current Tennessee licensure. Advanced Practice certification as an acute or primary care nurse practitioner is preferred. Minimum qualifications include ten (10) years college teaching in the discipline or exceptional scholarly achievement.

Academics rank and salary is commensurate with educational preparation and experience.

Administrative Qualifications: Responsibilities and Characteristics include communication skills, prior leadership role in higher education, fiscal management, coaching, analytical abilities, strong clinical practice background, and ability to work with individuals across divisions, as well as have strategic planning perspective.

Under the administrative direction of the Dean.

Nursing Simulation/ Lab Coordinator

The ideal candidate must be experienced in curriculum development, and have basic knowledge of the core standards and criteria for healthcare simulation programs (Society for Simulation in Healthcare) and professional guidelines. Minimum Qualifications include a Master's Degree in a health care professional discipline, preferably from an accredited institution in Nursing, three years clinical experience, college teaching and health care simulation experience. Tennessee Nursing licensure required.

Salary is commensurate with educational preparation and experience.

Administrative Qualifications: Responsible for the management and oversight of the Division of Nursing Simulation and Lab Environment. Facilitates the day-to-day lab operations, as well as coordination and management of simulation learning activities with nursing faculty. Works directly with nursing faculty to assist in developing, implementing, assessing, and coordinating simulation and lab skill activities that facilitate competency-based assessment learning environments.

Under the administrative direction of the Dean and general direction of the Program Chairs.

BAPTIST HEALTH SCIENCES UNIVERSITY

About Baptist Health Sciences University

Baptist University is a private, specialized faith-based institution, located in Western Tennessee serving the border states of Arkansas and Mississippi. In partnership with Baptist Memorial Health Care System, Baptist University extends the learning environment beyond the classroom to a variety of quality health care settings throughout the Mid-South.

About the Division of Nursing

Baptist University has an outstanding undergraduate program with high NCLEX-RN pass rates, including an entry-level baccalaureate program and an RN-BSN completion degree program. Additionally, the Doctor of Nursing Practice program offers post baccalaureate and postmaster's pathways for adult-gerontology acute and primary care nurse practitioner, with high certification pass rates. Baptist University's nursing programs are accredited by the Commission on Collegiate Nursing Education.
